

CLASS – XII (COMMERCE)
SUBJECT – APPLIED MATHEMATICS

| MONTH | CHAPTER | ACTIVITY/ASSIGNMENT |
|------------------|--|--|
| APRIL-MAY | 1. Matrices 2. Differentiation and its Application | <ul style="list-style-type: none"> • Chapter wise test • Lab activity • Practical |
| JUNE | 3. Integration and its Application | <ul style="list-style-type: none"> • Chapter wise test • Lab activity • Practical |
| JULY | 4. Differential Equations and Modeling 5. Numbers, Quantifiers and Numerical Applications | <ul style="list-style-type: none"> • Chapter wise test • Lab activity • Practical |
| AUGUST | 6. Probability Distribution 7. Inferential Statistics | <ul style="list-style-type: none"> • Chapter wise test • Lab activity • Practical |
| SEPTEMBER | REVISION | |
| OCTOBER | 8. Financial Mathematics | <ul style="list-style-type: none"> • Chapter wise test • Lab activity • Practical |
| NOVEMBER | 9. Index Numbers and Time based data 10. Linear Programming | <ul style="list-style-type: none"> • Chapter wise test • Lab activity • Practical |
| DECEMBER | REVISION | |
| JANUARY | REVISION | |
| FEBRUARY | REVISION | |
